

Instructions for Clearing Your Browser Cache

How to Clear Your Cache in Windows Internet Explorer

1. Open Internet Explorer and then click on the “Tools” menu bar.
2. Choose “Internet Options”.
3. Click the “General” tab, and then, under “Browsing History”, click “Delete”.
4. From the Delete Browsing History window, select the checkbox next to **Temporary Internet files and website files**. This will clear copies of webpages, images, and media that are saved for faster viewing. Note that you do not have to delete Cookies or History.
5. Click “Delete” to complete the process.
6. Restart your browser and then try again.
